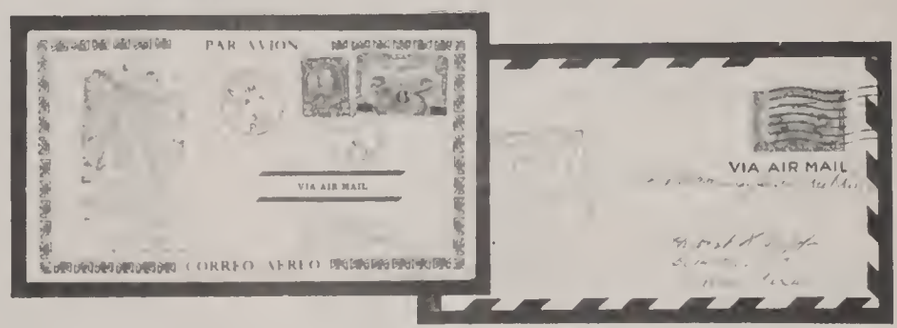
## CANADIAN FIRST FLIGHT COVERS



Remember Sargent Preston and The Yukon? If you don't, these covers are sure to bring back the memory. Dating 1929/34, these official first flight covers represent the opening of the Canadian Wilderness via the airplane. Prior to the airplane it often took weeks for people (and the mail) to reach a town. Now it took just hours. Each of these covers was actually carried on the First Flight to or from each town. Each has a cachet at left giving the details of the trip. We feel sure you will enjoy adding these scarce covers to your collection.

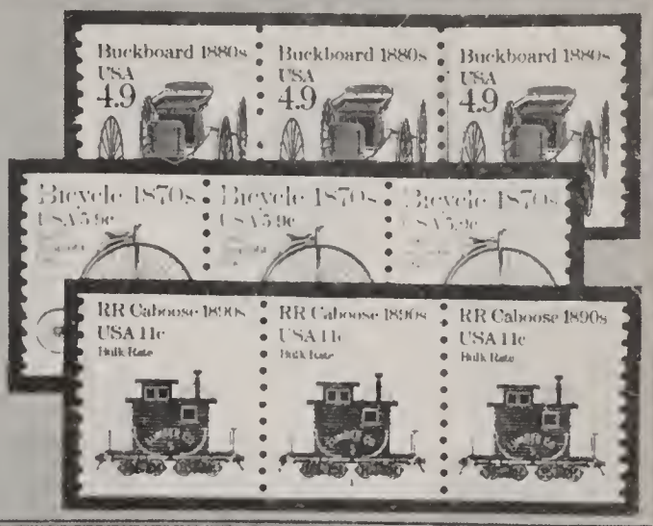
# Transportation Coil and Plate Number Coil Special!



Response to our "Transportation Coil" special in a previous issue of *MoneyTalks* was overwhelming. We were pleasantly surprised to see that the demand for these issues was greater than had been reported. To those of you who were unable to obtain the numbers you requested; we're sorry. Those of you who received your orders intact are to be congratulated. Not only that you received the coils, but that you took advantage of our low prices.

We received a number of calls asking: "Do you buy these coils in addition to selling them?" YES, we do. In fact, we took advantage of one call and purchased his entire accumulation of strips. As a result we have completely REDONE THIS LIST. Some prices are, of necessity, higher; but many are also lower. We can now supply virtually each and every plate number coil strip (of 3) issued to date.

All of the strips on the following special are in FINE — NEVER HINGED condition. We can supply many of the strips in VF condition but unfortunately must charge ½ more than the listed prices. Please specify the condition you want when you order.

As last time; we offer you a *free album* to house your collection of these coils with an order of $500 or more. While supplies last of course.

## All Aboard
## Movie Train Mail Stamps

Issued in the early 40's for use by the Studio's for close-up shots of letters, these stamps look like the real thing; at first glance. They were issued in **Blue, Red** and **Green** and in several shades to boot (from poor production processes).

Each stamp is fully gummed with a thick brown or white gum. All are Never Hinged. This is the first time we have been able to offer our readers these fascinating bits of movie history. They're sure to be a "HIT".

We offer a selection of scarabs dating from the XIIth through the XXVIth Dynasties, 1991 B.C. - 525 B.C. Some of these bear royal names; others have unusual designs or are made of a scarce material.

Hundreds of dazzling full color stamps fill the screen as Gary Burghoff (M•A•S•H's Radar O'Reilly) hosts the first home video on the World's most popular hobby. "The Video Guide to Stamp Collecting" is the perfect introduction for a beginner — it covers all the basics of philately — and it's a treat for experienced collectors. Types of stamps and collections, topicals, rarities, errors, covers, grades, stamps as investments, and many more topics are explained and illustrated in this top-quality, 45 minute-plus production. And, it's as entertaining as it is informative.

Technical (Philatelic) expertise was supplied by Superior's own Michael Orenstein and Karl Hass. Many of the stamps seen in the video were supplied from Superior's vast inventory.

# A Rare Opportunity

enlarged to show detail

If you have followed gold prices over the past several months, you have noticed that the price of bullion has fallen to new lows in the high $390 levels. With experts citing that much of this lower movement is caused from countries dumping bullion into the market to raise dollars. An additional source of the pressure is from the falling price of oil. We have noticed that while the price of gold and silver have dropped, the very significant drop in the price of oil seems to indicate that we may have reached or are close to reaching a low point. When this happens, we anticipate that both oil and precious metals will begin to increase in value. Those of you who have read *"Money Talks"* over the years are aware that we seldom recommend investments. Yet, at this time it appears that a very special item is available in the market which has been hit particularly hard and appears to be an outstanding investment at this time.

We are recommending the purchase of $20 United States St. Gaudens type gold pieces. We have obtained a limited number of these specimens which we grade as Commercially Uncirculated. These are coins which the numismatic marketplace accepts as uncirculated. And while other specimens may grade higher, the price of these specimens is so sensational that we believe that now is the time to add one or even several to your holdings.

The coin was designed by Augustus Saint-Gaudens and considered to be one of our most beautiful coins. They were originally issued in 1907 and made until 1933. Orders for multiple coins will be provided with different dates. Our special price for these coins is quite low and much less than the 1989 "Red Book" value which is listed at $750. Our special price is just $560 each. 10 pieces for just $5500. Call to reserve your order now. These coins are priced postpaid. Collectors from California purchasing $1000 or more are tax exempt. A great numismatic opportunity.
